

# MISFIT TOY

## MAKER

A misfit is described as someone who does not belong because of their differences. In *Rudolph the Red-nosed Reindeer Jr.*, Rudolph and Hermey travel to the Island of Misfit Toys, a land filled with toys that don't quite fit within the "norm."

Design your own Misfit Teddy Bear below! When drawing your toy, consider the following:

- It cannot have fur that is black, brown, or white.
- One of its facial features should be missing or out of place (*Ex: the nose is on the forehead*).
- There should be another piece of toy attached to it (*Ex: an alligator tail instead of a bear tail*).

Now that you've designed your toy, write a letter to Santa on the next page explaining why this toy deserves to be loved by children, even though it is a misfit.
